SPRING-SUMMER 2026

‘GLORIOUS UNDERDOG’

*Just before rising above the surface—
the underdog’s hidden moment of glory.*

*A chrysalis trembling before flight,
a flower swelling before bloom.*

*Irregular draping, layered volumes,
concealed brilliance beneath the surface.*

*Brushed in raw white strokes,
the accessories resonate with the bloom’s untamed radiance.*

Fig. 25—Easel view from the Observatory in Jeddah,
August 10, 2019.
